Dear Emily I guess you are thinking by this  
time that the buggey got me well we are  
all muddling along. I got and now well at times  
he looks semi-mad and it's seem he can't  
get rid of it - hope this finds you all in  
good health. I was just from the gardens and  
for the cold weather we had every thing broken  
since we have a lot of snow out in the yard -  
more than we ought to have. Emily I have two  
Deer boys playing with me I will tell of one  
when I go up the mountain I will take you along  
with me you will read make them appear each other
